## Message from the Chair

---

Welcome to the August newsletter

With only six weeks to go until the ITENZ conference, the draft programme is looking very good with a number of great speakers, workshops and plenaries. Make sure you have registered for the first face to face event for three years. With everything going on in the education space its important to keep up with the changes and network with colleagues and speakers alike.

The board have continued to lobby on your behalf and the Strategic Funding Component applications are now open (they close on the 9<sup>th</sup> September) so if you are applying, keep the deadline front of mind. Good luck to all those working on applications.

The last board meeting in Wellington was followed by an informal networking session with ITENZ members and Penny Simmonds, National Party Spokesperson for Tertiary Education. This was a great event and was hosted and hospitality provided by Le Cordon Bleu. Great facilities, food and drink and a big thank you to Le Cordon Bleu.

The issues we are facing as a sector are not lost on us at all and we strive to ensure your voice is heard. We are looking into raising the PTE brand and awareness as Te Pukenga hits the news on a regular basis and we feel the need to remind the public

and learners that they have a choice!

The board is also working with the Ministry of Education and TEC on consultation to the Youth Guarantee and SAC L1 & L2 funding determinations.

Please ensure you keep up to date with the news from Wayne on matters affecting our sector. There have been a number of webinars and we have been working closely with Education NZ to utilise funding provided to support members in the international space.

Finally, don't forget to put names forward for the board election. All nominations must be made using the nomination form and be received by [admin@itenz.co.nz](mailto:admin@itenz.co.nz) no later than 5pm Wednesday 7th September, 2022.

ITENZ Chair

## ITENZ Annual General Meeting

Members will have received an invitation and link to the ITENZ AGM, which will be held via zoom on **3.00pm on Tuesday 20th September**.

Nominations are also open for Board members for 2022-2023. Nomination forms and information have been sent to each member organisation.

If you have any questions, contact [admin@itenz.co.nz](mailto:admin@itenz.co.nz)

## Strategic Funding Component (UFS) 2023 closing date

The **Strategic Funding Component** application process closes on **9th September**.

The [TEC website](#) has information on the process, templates, and an explanatory webinar.

## ITENZ and Food and Fibre CoVE sign MEA

ITENZ has signed a Mana Enhancing Agreement with the Food and Fibre CoVE.

The Agreement will bring the two organisations together in a way that is mutually beneficial, identifies ways they can collaborate, and looks at opportunities to promote the food and fibre sector and to attract and retain learners.

ITENZ already has a strong relationship with the CoVE, as well as with Muka Tangata, Food, Fibre and People WDC, and this agreement will strengthen connections in the food and fibre sector

## **Communities of Practice updates**

### **Academic Managers Community of Practice**

The next meeting is on **28th September** and will focus on micro-credentials, skill standards, and UFS.

### **Māori Engagement Community of Practice**

The group meets next on **13 September**

### **International Education Forum**

The International Education Forum (IEF) was held online on 04 August 2022. We discussed the purpose and format as well as the opportunity to use this platform to talk about how ITENZ can have a leadership role in the sector and be at the forefront of 'what excellent international education looks like'. The discussion was lively and it also included the following topics: student achievement, the impact of lack of post study work rights, visa decline and the green list.

The next IEF is on **1 November 2022** at 1-2pm.

### **Foundation and YG Community of Practice**

The Foundation and YG Community of Practice met on Friday 26 August, and discussed the proposed Youth Guarantee funding changes. Most of the proposed changes appeared positive, however the group raised concerns over some of the details, including the implementation and operational impact. As well as providing individual feedback on the proposal, we will also provide collective feedback.

The group agreed to meet meeting monthly from now on. The next meeting is scheduled for **21 September** at 12.00pm via Microsoft Teams.

### **Expressions of interest in a new SDR-users CoP**

We have received some interest in setting up a Community of Practice for staff involved with the SDR. If you would like to join such a group, or you would like your staff to, please email [admin@itenz.co.nz](mailto:admin@itenz.co.nz)
